

# Frankfurt (FRA6)

## An ideal home for your applications infrastructure

Open in late 2010, Interxion's FRA 6 carrier-neutral data centre provides the latest secure, scalable infrastructure for mission-critical IT systems. The Interxion Frankfurt data centre campus is home to the DE-CIX Internet Exchange, and is Germany's busiest data centre hub.

Located in the east of Frankfurt, just two minutes away from the nearest public transport and 10 minutes from the airport, the facility offers 2N UPS, N+1 generator backup and cooling, as well as the most advanced alarm and monitoring systems. FRA 6 supports the latest high density power configurations, and has been designed using Interxion's energy efficient modular architecture, with free cooling and maximum-efficiency components as standard.

### Facility

- More than 1500 m2 of newly built and equipped space
- Located in the east of Frankfurt, 20 km from Frankfurt Main Airport and a 2 minute walk to the nearest public transport
- Fault-tolerant and concurrently maintainable design

### Connectivity

- Dual-entry fibre and redundant connections between data centres
- Access to over 150 carriers/ISPs
- Connection point for 80% of the members of DE-CIX Internet Exchange (core switch hosted on Interxion campus)
- SLA-based cross connects available to all customers

Hanauer Landstrasse 300a  
60314 Frankfurt

### At a Glance

- More than 1500 m2 of centrally located newly built and equipped space
- 150 Carriers/ISPs and DE-CIX Internet Exchange on site
- Trained security staff on site 24x7
- Advanced fire detection and suppression systems
- ISO 27001-certified information security management systems

### Power

- N+1 backup generators, supporting 24 hours at full capacity with high-speed refuelling
- 2N UPS redundancy
- Up to 99.999% availability SLA
- High-density power configurations of up to 30kW per cabinet
- Full range of AC and DC output currents

### Security

- Trained security staff on-site 24x7
- Multiple physical security layers, including CCTV, man traps, biometrics
- 24x7 controlled access
- ISO 27001-certified information security management systems

## Frankfurt (FRA6)

### Controlled Environment

- Advanced smoke detection systems in every customer room
- Argon gas fire suppression system
- SLAs on temperature and humidity in line with ASHRAE recommendations
- Minimum N+1 CRAC redundancy per room
- Entire facility infrastructure monitored 24x7 (Chiller, CRAC, Fire Panels, Generator, UPS etc.)

### Services

- Shared rooms, cages and private suites
- Remote Hands & Eyes; 24x7 installation and maintenance
- Full range of Interxion connectivity, management and backup services
- Extendable to over 20 data centres across Europe via a single service contract
- Meeting rooms and office space available

### Energy Efficiency

- Phased modular architecture optimises Power Usage Effectiveness (PUE)
- Operated to the highest energy efficiency standards
- Chillers with free cooling

### Customer Support

BS 25999 Certification - British Standards Institution (BSI) standard for Business Continuity Management.

ISO 27001-accredited European Customer Support Centre (ECSC) provides support in 11 countries to the same rigorous standards

- 24x7 facility and service monitoring
- Multilingual response (German, English, French, Spanish, Dutch)

### Contact us

We will be happy to provide you with more detailed information about this and other Interxion facilities along with a range of pricing and SLA options.
